Portfolio inonbaasov-website.base44.app

Professional summary

Principal Product Owner with 10+ years leading cross-functional teams to deliver SaaS and cloud-based solutions. Proven record in translating complex **system architecture** requirements into actionable product roadmaps for high-availability platforms. Experienced in bridging business, engineering, and algorithm teams to prioritize **backend services, microservices**, and data distribution mechanisms. Passionate about building robust infrastructure for **regulated, mission-critical** ecosystems.

Key Skills: Technical Product Management | API Lifecycle Management | Cloud Infrastructure (AWS) | System Architecture Alignment | Microservices Strategy | Backend Roadmap Prioritization | Identity Management (IAM)

Professional experience

Inon Baasov Ltd | ***Product Strategy Consultant*** **2024 - Present**

- Designing **model orchestration layers** and data pipelines for AI startups, focusing on latency, cost-optimization, and backend stability.
- Defining technical product strategy for GenAI models, including **API usage patterns** and data evaluation loops to ensure system quality and performance.
- Leading project delivery for digital ventures (AiRakoon, Medicrowd), translating complex operational needs into scalable **backend architectures.**
- Defining project milestones and resource allocation for **cloud-based solutions**, ensuring alignment with regulatory and security standards.

TouchE *AI interactive video SaaS* | ***Co-Founder & Product/Project Lead*** **2018 - 2024**

- **Backend Strategy**: Led the product strategy for a high-throughput video PaaS. Defined roadmap for core infrastructure, **API distribution**, and cloud scalability (AWS) to support real-time streaming, securing $2.5M in funding.
- **Architecture & Microservices**: Managed prioritization of **microservices** and data pipelines for Web, Mobile, and Smart-TV endpoints. Collaborated with System Architects to define **API contracts** and data flow requirements.
- **Security & Identity**: Directed complex 3rd-party integrations and **Identity Management (IAM)** workflows (SSO/Auth) for enterprise partners, ensuring secure data distribution.
- **Agile Leadership:** Led development processes, defining user stories and acceptance criteria in collaboration with engineering and algorithm teams, boosting efficiency by 38%.

Arena Plus *Financial Services* | ***Senior Product/Project Manager*** **2013 - 2018**

- Promoted from Product Manager (2013-2015) to Senior PM (2015-2018)
- Managed delivery of secure financial platform projects, introducing Agile frameworks that cut time-to-market by 20%.
- Oversaw global development and external UX teams, ensuring roadmap execution and stakeholder alignment for high-volume transaction systems.
- Monitored budgets and risks while delivering measurable performance improvements (+22% quarterly usage, +15% revenue expansion).

Pharmabest Inc. & Philtel Inc. | ***Exec. QA Manager*** **2011 - 2013**

- Managed QA processes for medical devices, ensuring compliance (ISO standards) under strict deadlines.

Blau Pharmaceuticals Services Inc. | ***Regulatory Affairs Consultant*** **2009 - 2011**

- Advised pharma companies on regulatory project documentation and compliance affairs.

Education

- **Executive MBA** (Entrepreneurship & High-Tech Management), **Technion** – Israel Institute of Technology, **2016–2018**
- **B.Sc., Biotechnology & Food Engineering, Technion** – Israel Institute of Technology, **2005–2008**
- **Chemical Engineering** – McGill University, Montreal, Canada, **2004–2005**
